PERMIT APPLICATION PUBLIC NOTICE**

July 6, 2007 (Revised)

Permit Number: OCRM-07-512
Permit ID: 57914

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Vicki Etheredge
PO Box 2729
Murrells Inlet, SC 29576

LOCATION: On and adjacent to Carson Creek at 3528 Rivulet Ln, Murrells Inlet, Georgetown County, South Carolina.
TMS#: 41-0105-075-02-03.

WORK: The work, as proposed and shown on the attached plans, consists of constructing a bulkhead and dock. Specifically, the applicant seeks to build a 77' long vinyl bulkhead. From highground, a 4' x 8' walkway will lead to a 12' x 12' fixed pierhead. Channelward of the pierhead, a 12' x 8' floating dock accessed by a 3' x 18' ramp is proposed. The purpose of the proposed activity is for the applicant's private recreational use and erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before July 21, 2007. For further information please contact the project manager for this activity, Tanitra S. Marshall at 843-238-4528.
